MD DESIGNLINE DESIGN WORKTOP

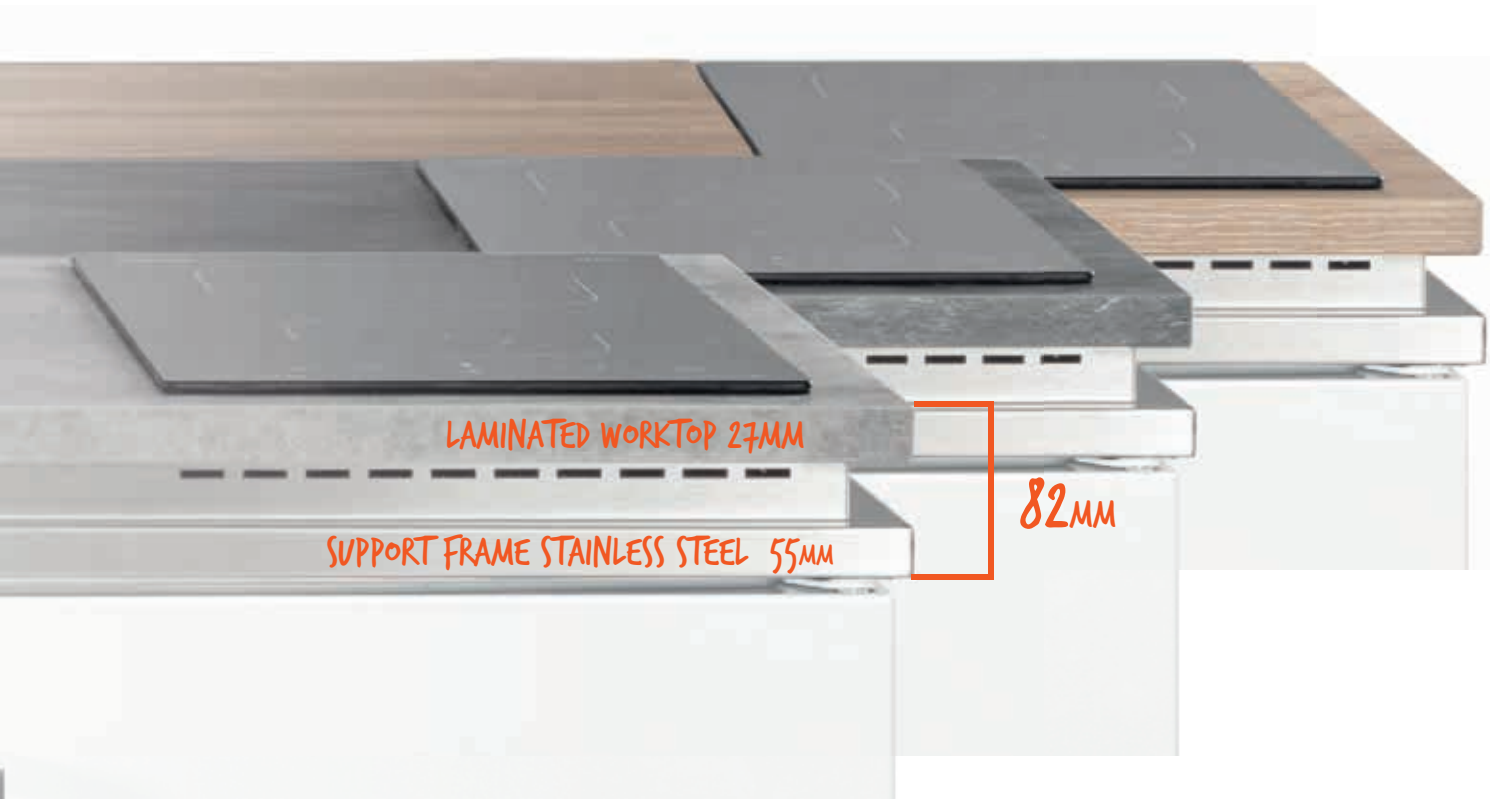

The unique construction of our design worktops makes your kitchen something very special.

The support frame made of brushed stainless steel in combination with the laminate worktop you have chosen create the elegant look of the **Designline kitchen**.

The integrated frontal, almost invisible ventilation openings make the kitchen an extraordinary furnishing object.

WALL CUPBOARDS DESIGNLINE

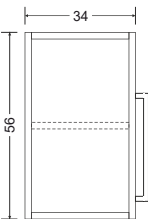

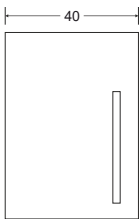

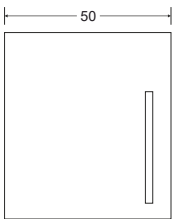

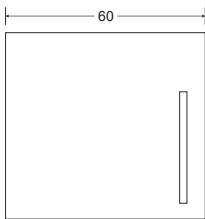

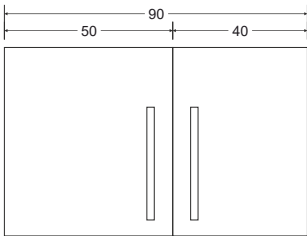

Increase the storage space in your kitchen by buying a wall cupboard to match the size and style of kitchen specified.

The doors are double walled with insulation to give strength and a solid feel and the carcass made of powder coated metal. Every wall cupboard is delivered pre-built.

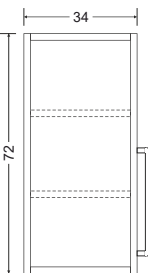

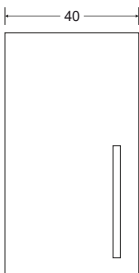

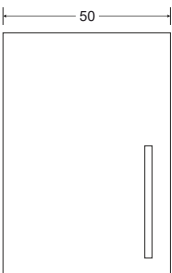

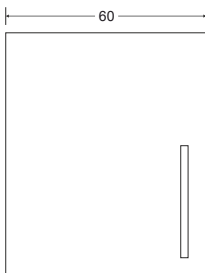

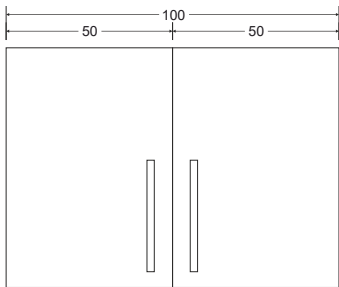

Wall units are available in 560mm and 720mm height and supplied with one or two height-adjustable shelves. We provide a mounting rail for easy installation.

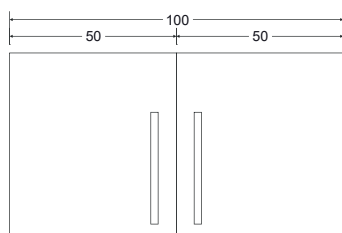

Our standard wall cupboards are available in white, stainless steel and in colour.
